

Ludlow CAB Walks, Programme No: 115, – April - June 2026.

Come and join us in exploring the beautiful areas around Ludlow.

Everyone will receive a friendly welcome – we normally start at 10.00am, walk 5 to 6 miles taking between 2 1/2 to 3 hrs and usually ending with an optional pub lunch.

Our walks are graded for difficulty as follows: -

(E)Easy: Walks for reasonably fit people with at least a little cross-country walking experience.

(M)Moderate: Walks for people with cross-country walking experience and a good level of fitness. May include some steep paths and stiles to climb.

(A) Arduous: Walks for experienced cross-country walkers with an above average fitness level. May include steep hills, numerous stiles, and rough country

Walking boots/shoes are needed for all walks.

Whilst the leader has always checked the route in advance, you come at your own risk.

We have been making voluntary contributions to Citizens Advice for many years, resulting in the £12k milestone being achieved, the Total to date £12,819, (£37.00). being sent from our last programme of walks).

Thanks to all who have made donations, and to all leaders & those who have walked with us.
